Institute for CAM Studies

A Certificate Program in Integrative Health: NDE & SME: Support – Practice – Education

**Offered through the Institute for CAM Studies
Energy Medicine Partnerships Affiliated with Akamai University
Division of Continuing Education and Degree Programs in CAM**

Background:

Near Death and Spiritual Mystical Experiencers often have trouble integrating their experiences as described, documented and researched by the International Association for Near Death (IANDS), the J.B. Rhine Center and the Association of Research and Enlightenment. Through on-going investigations, studies and research worldwide thousands of experiencers of all ages, backgrounds and situations, including health professionals, and over many decades, the science is compelling that NDE and STE's are real phenomena.

This certificate program in integrative health is designed to train integrative health supporters, practitioners and educators for this specialization. It includes working with experiencers knowledge gained from their NDE and SME as partners supporting each other. This partnership revolutionizes our understanding about consciousness, multi-dimensional reality and experiences, health, healing and education of these topics.

Goal:

This training program prepares trained supporters, practitioners and educators for Board Certification in Integrative Health with a specialty in NDE and STE using an integrative approach to serve individuals, their families, friends, the general public and health professionals affected by NDE and SME's. We are ONE. We work as a team to grow, learn, become empowered and heal body, emotion, mind and soul in this and other lifetimes.

**Protocol for Near Death and Spiritual Mystical Experience
Supporters, Practitioners and Educators
Become Board-Certified in Integrative Health**

The Healing Journey for experiencers is not a linear path but a dynamic lived experience unique to the individuals involved. This is also true for serving this population as supporters, practitioners and educators. Therefore, the interventions for body, emotion, mind and spirit as well as their education need to be individualized to those involved using a template that is outlined below to guide the team of experiencers, supporter, practitioners and educators.

Training is offered by the Internationally Accredited Akamai University, Institute for CAM Studies through a team approach where experiencers, supporters, practitioners and educators all study together. The training protocols are done in phases or steps and includes working with NDErs, SDErs and SMERs:

- ✓ Telling the Story
- ✓ Living with the After Effects / Finding Your Path
- ✓ Evaluation of the Journey

Individuals can take as much time as needed for each phase as the process occurs in steps as each phase is completed.

Treatment Affirmations:

- I call on Source, God, Creator, a Higher Power to fill me with Divine Light and Love.
- I choose to be present in life with my family, friends, work, recreation, animals and nature.
- I am a Divine Child of Source and a Being of Light for the world.

Phase I – Telling My Story

 - Spiritually I was...

- Historical Experiences
Time Span of Historical Report (such as 6 months or 6 years) _____
 - Describe what has been your experience over time since your experience...
 - Include what your feeling and thoughts were...
 - How have your relationships been affected...
 - What have others said about you and how has that affected you...
 - Describe your ideas of your future...
 - Spiritually you are ...

- Today's Level of Functioning

Date: _____

Take time to reflect and comment how you are now doing:

- Physically
- Emotionally
- Mentally
- Spiritually
- What is your biggest concern today...
- What would you like to have happen in your life now...
- Is there any specific request you have needing assistance...

Phase II – The After Effects

- Journeying with your experiences & establishing the relationship
- Empowerment with Integrative Healing
